

مشاريع تخرج قسم تقنيات التخدير (للعام الدراسي 2025 - 2026)

ت	اسم التدريسي المشرف	اللقب العلمي	عنوان البحث (Research Project Title)
1	د. علاء يونس مهدي فرح يوسف خداوي	أستاذ مساعد	The Effect of Fungal Growth on Anesthesia Equipment in the Operation Room
2	د. علاء يونس مهدي نور محمود سلطان	أستاذ مساعد	Isolation of Bacteria from Skin Before and After Spinal Anesthesia and Species Comparison
3	د. علاء يونس مهدي	أستاذ مساعد	Endocrine Function Testing in Patients Receiving Prolonged Anesthesia
4	—	—	Securing the Airway General Anesthesia
5	د. زينة يحيى قاسم	مدرس	The Role of Ephedrine in Prevention of Hypotension During Spinal Anesthesia
6	د. زينة يحيى قاسم	مدرس	Comparison Between General and Spinal Anesthesia in Cesarean Section
7	د. زينة يحيى قاسم	مدرس	Sedation with Propofol Versus Midazolam in Mechanically Ventilated ICU Patients
8	—	—	Seroprevalence and Diagnostic Evaluation of Anti-Salmonella Typhi IgM and IgG Antibodies Among a Patient Population
9	م.د. نبأ خالد عبدالله مروان خليل مجيد	—	The Effect of Inhaled Gases and Intravenous Drugs on Cardiovascular During Surgical Procedure
10	—	—	Comparative Study of the Effects of General Anesthesia and Spinal Anesthesia in Cesarean Section
11	م.د. نبأ خالد عبد الله	مدرس	The Effect of Propofol on Blood Pressure and Heart During Induction of Anesthesia
12	م.م. تماره خالد احمد	مدرس مساعد	Assessment of Students' Knowledge on the Use of Emergency Drugs in Post-Anesthesia Resuscitation
13	—	—	The Effect of Propofol on Liver and Kidney Function
14	—	—	The Impact of Type 2 Diabetes Mellitus on Renal Function

مشاريع تخرج قسم تقنيات التخدير (للعام الدراسي 2025 - 2026)

ت	اسم التدريسي المشرف	اللقب العلمي	عنوان البحث (Research Project Title)
15	د. زينة احمد محمد	—	Prevalence of Anemia Among Patients with Chronic Diseases (Diabetes, Renal Failure)
16	د. زينة احمد محمد	—	The Prevalence of Iron Deficiency Anemia Among Children
17	د. زينة احمد محمد	—	The Effect of Oxidative Stress on the Development and Complication of Type 2 Diabetes
18	م.م. ارشد عادل راشد	مدرس مساعد	The Impact of Iron Deficiency on Cognitive Function and Concentration Among University Students
19	—	—	Comparative Analysis of Hematological Indices (MCV, MCH, MCHC) in Patients with Anemia
20	—	—	The Impact of Blood Pressure on Kidney Function
21	—	—	Triglycerides and Their Role in Fatty Liver Disease
22	جنان ادريس محمد	أستاذ مساعد	The Effect of Ketamine on Patients with Diabetes Mellitus
23	جنان ادريس محمد	أستاذ مساعد	The Effect of Ketamine on Patients with Hypertension
24	جنان ادريس محمد	أستاذ مساعد	The Effect of (TAP) Block on Decreasing Postoperative Analgesia Requirements
25	افراح يونس	أستاذ مساعد	The Impact of Pre-Operative Fasting Duration on Vital Signs Stability During Anesthesia
26	ندى خليل	مدرس مساعد	Incidence of Post General Anesthesia Nausea in Hospital
27	—	—	Effect of Chronic Exposure to Anesthesia Gases on Hospital Room Personnel
28	—	—	The Role of Capnography in Evaluating Ventilation Quality During General Anesthesia
29	م.م. امنية محمد عبد العزيز	مدرس مساعد	A Clinical Study to Predict the Difficulty of Tracheal Intubation Using Pre-Anesthesia Tests (Mallampati - TMD - ULBT)

مشاريع تخرج قسم تقنيات التخدير (للعام الدراسي 2025 - 2026)

ت	اسم التدريسي المشرف	اللقب العلمي	عنوان البحث (Research Project Title)
30	رؤى مهند حسيب	مدرس مساعد	Evaluation of the Use of Propofol in Anesthesia
31	رؤى مهند حسيب	—	The Effect of Propofol on Vital Signs During Induction of Anesthesia in Surgical Procedures
32	رؤى مهند حسيب	—	Comparison of Propofol and Ketamine for Induction of Anesthesia in Adult Patients
33	—	—	Smokers and Asthmatic Patients Under General Anesthesia
34	اميمة نوفل احمد	مدرس مساعد	AField and Laboratory Study on Bacterial Contamination of Propofol Used in Anaesthesia
35	اميمة نوفل احمد	مدرس مساعد	Bacterial Contamination of Anesthesia Equipments
36	اميمة نوفل احمد	مدرس مساعد	Effect of Propofol on the Circulatory System
37	—	—	Effect of Smoking on The Induction of Anesthesia in Surgical Procedures
38	—	—	Hypotension Technique and Its Effects on Anesthesia
39	—	—	Neuromuscular Blocking Agents
40	احمد عبد الرزاق إبراهيم	مدرس مساعد	Controlled Hypotension During Elective ENT, Maxillofacial, and Ophthalmic Surgeries: A Descriptive Observational Study
41	احمد عبد الرزاق إبراهيم	مدرس مساعد	Personalized Anesthesia in Kidney Transplant
42	احمد عبد الرزاق إبراهيم	مدرس مساعد	Sugammadex vs Neostigmine: Rocuronium Reversal in General Anesthesia
43	—	—	Dental Local Anesthesia: Failure Incidence and Rescue Dose Requirements
44	—	—	Isolation of Anesthesia Instruments Impact on Patient Safety and Infection Control

مشاريع تخرج قسم تقنيات التخدير (للعام الدراسي 2025 - 2026)

ت	اسم التدريسي المشرف	اللقب العلمي	عنوان البحث (Research Project Title)
45	نور احمد شهاب صفا محمد سالم	مدرس مساعد	Efficacy & Safety of Intravenous Ketamine Versus Fentanyl for Preoperative Sedation in Preschool Children
46	نور احمد شهاب	مدرس مساعد	Isolation of Contaminating Bacteria from Endotracheal Tubes and its Impact on Patient Safety
47	براء حازم رسل داؤود فائز سمر محمود	مدرس مساعد	Comparative Effects of Propofol and Ketamine on Hepatic and Renal Functions: A Prospective Clinical Study
48	—	—	Comparative Study of Ketamine Vs. Propofol for Induction of General Anesthesia in Young Adults
49	—	—	Effect of Anesthesia on Kidney Function
50	—	—	Impact of Anesthesia on Blood Pressure
51	—	—	Effect of Anesthesia on Type 2 Diabetic Patients
52	—	—	The Effect of Spinal Anesthesia on the Fetus During Cesarean Section
53	د. ابراهيم عبد الرزاق حسن	—	Complications of General Anesthesia
54	د. ابراهيم عبد الرزاق حسن	—	Delayed Recovery of Consciousness After General Anesthesia
55	د. ابراهيم عبد الرزاق حسن	—	Disadvantage of Spinal Anesthesia
56	د. ابراهيم عبد الرزاق حسن	—	The Effect of General Anesthesia on Diabetic Patient
57	د. ابراهيم عبد الرزاق حسن	—	Comparison of Ondansetron and Metoclopramide for the Prevention of Post-Operative Nausea and Vomiting
58	هيثم عبد الكريم	—	Ketamine Versus Propofol to Prevent Postoperative Respiratory Complication in Recovery Room
59	هيثم عبد الكريم	—	Comparison the Haemodynamic Changes in Spinal Anesthesia Between Young and Old Age Groups
60	هيثم عبد الكريم	—	The Effect of Different Types of Anesthesia on the Stability of Vital Signs During Surgery
61	يحيى ناطق	—	Warfarin: Mechanism of Action, Induction, Risks, and Drug Interaction
62	يحيى ناطق	—	Acetylcysteine: Mechanism of Action, Induction, Risks, and Drug Interaction
63	يحيى ناطق	—	Bisoprolol Fumarate: Mechanism of Action, Induction, Risks, and Drug Interaction
